Professional Summary

ICT graduate with a rigorous foundation in Mathematics and Physics. Highly proficient in Python, SQL, OOP, and core Software Architecture principles. Combines a solid understanding of SDLC and Agile frameworks with creative graphic design skills to deliver clean, highly optimized, and visually intuitive digital solutions.

Education

University of Sri Jayewardenepura <i>B.Sc. in Physical Science ICT(ICT GPA: 3.34)</i> • Relevant Coursework: Data Mining & Warehousing, Database Administration, Data Structures & Algorithms, Artificial Intelligence, Software Architecture, Applied Statistics.	Sri Lanka 2023 – 2026
Dharmadutha College <i>G.C.E. Advanced Level (Z-Score: 0.9413)</i> • ICT - A, Physics - C, Mathematics - S, English - C	Badulla, Sri Lanka 2017 – 2019
Am/ Panama Maha Vidyalyaya <i>G.C.E. Ordinary Level</i> • Results: 5A's, 2B's, 2C's	Panama, Sri Lanka 2006 – 2016

Technical Skills

Languages: Python, JavaScript, TypeScript, Java, C, HTML5, CSS3
Frameworks & Libraries: Django, Flask, Next.js, React, Bootstrap, Tailwind CSS, FastAPI
Databases & ORMs: PostgreSQL, MySQL, MongoDB, SQLAlchemy
Data Formats & APIs: JSON, XML, REST APIs
Data Science & ML: NumPy, Pandas, Power BI, Matplotlib
Cloud Technologies: Amazon Web Services (AWS)
UI/UX & Design: Figma, Adobe Photoshop, Adobe Illustrator
Tools & CMS: Git, Ollama, GitHub, Linux, VS Code, WordPress, Ms Office

Projects

London Airbnb Market Analytics & Predictive Modeling <i>Python, Scikit-Learn, Pandas</i>	2026
• Executed a comprehensive data mining project following the full KDD pipeline on a dataset of 28,480 London Airbnb listings. • Engineered an automated data acquisition and cleansing pipeline handling missing values, standardizing categorical variables, and isolating core features. • Performed Exploratory Data Analysis (EDA) and market segmentation using K-Means Clustering to discover market tiers, and discovered high-confidence patterns via Apriori Algorithm. • Built and cross-validated a Gradient Boosting Regressor explaining 72% of nightly price variance.	
Visit Panama Sri Lanka <i>React, TypeScript, FastAPI, PostgreSQL, Tailwind CSS</i>	April 2026
• Developed a three-tier, API-driven full-stack web application connecting tourists with local homestays and safari operators. • Built a responsive frontend using React, TypeScript, and Tailwind CSS, implementing interactive mapping via Leaflet and global state management with Zustand and React Query. • Engineered a high-performance backend using FastAPI with asynchronous REST endpoints, SQLAlchemy ORM, and PostgreSQL for transactional data integrity.	

Volunteering & Leadership

Computer Science Association (CSA) - USJ

Sri Lanka

Sub-Editor & Graphic Designer

2025 – 2026

- Designed high-impact graphics, event flyers, and digital marketing materials for association events.
- Collaborated with editorial teams to maintain visual consistency across community publications and tech articles.

Career Skills Development Society (CSDS) - USJ

Sri Lanka

Faculty Coordinator

2024 – 2025

- Served as Award Coordinator for the BESA FAS Award at JESA 2024, managing evaluation and candidate coordination.
- Acted as primary liaison between the Faculty of Applied Sciences and the society to mobilize career guidance programs.

Vidudaya Vidya Sahodarathwaya - USJ

Sri Lanka

Active Member & Volunteer

2023 – 2026

- Contributed to the comprehensive library renovation and book donation drive for Walhena Polpitiya Vidyalaya under the 'Sahurda Yathra 15' initiative.
- Actively engaged in environmental sustainability initiatives, including community-led beach cleanups and ecological conservation projects.

Achievements

Finalist, HackX 9.0 | *Industrial Management Science Students' Association*

Sep 2024

- Co-founded Team CODE9 and secured a place among the Top 15 finalists out of 220+ competing teams island-wide, representing the University of Sri Jayewardenepura.
- Competed in the grand finale hosted at the Dialog Axiata PLC Head Office, organized by the Department of Industrial Management, University of Kelaniya.

Certifications

Data Visualization in Power BI: DataCamp (Jun 2026)

Introduction to Power BI: DataCamp (Jun 2026)

AWS Academy Graduate - Machine Learning Foundations - Training Badge: Amazon Web Services (AWS) (Jun 2026)

AWS Academy Graduate - Data Engineering - Training Badge: Amazon Web Services (AWS) (Jun 2026)

AWS Academy Graduate - Cloud Foundations - Training Badge: Amazon Web Services (AWS) (Jun 2026)

SQL (Basic): HackerRank (Dec 2025)

PyData Sri Lanka Post-Conference Workshop Series: PyData Sri Lanka (Jan 2025)

JavaScript Algorithms and Data Structures: FreeCodeCamp (Dec 2023)

Python Programming: University of Moratuwa (Apr 2023)

Python (Basic): HackerRank (Jan 2023)

Python Data Structures: SoloLearn (May 2022)

Python Intermediate: SoloLearn (May 2022)

Python for Beginners: University of Moratuwa (Apr 2022)

Web Design for Beginners: University of Moratuwa (Apr 2022)
